
Debenhams in the 1900 Federal Census of the United States (1 June 1900)

This document contains a listing of all Debenhams occurring in the 1900 Federal Census of the United States of America, arranged by household and listed in alphabetical order of States. It has been drawn from the on-line indexed copies of the original returns appearing on the site www.ancestry.com and its accuracy is dependent on the accuracy with which this index was compiled. The information is provided “as is”, in good faith, with no guarantee as to its final accuracy or completeness.

Each household entry includes state, county, township and address (where given). Each person’s entry includes given names, month and year of birth, age, marital status, relation to head of household, the places of birth of the individual, father and mother, and occupation.

Note: There are two entries that appear to be for the same William Debenham in Queens, New York, with minor differences between them. Both entries have been included to ensure comprehensive coverage.
