
Debenhams in the 1920 Federal Census of the United States (1 January 1920)

This document contains a listing of all Debenhams occurring in the 1920 Federal Census of the United States of America, arranged by household and listed in alphabetical order of States. It has been drawn from the on-line indexed copies of the original returns appearing on the site www.ancestry.com and its accuracy is dependent on the accuracy with which this index was compiled. The information is provided "as is", in good faith, with no guarantee as to its final accuracy or completeness.

Each household entry includes state, county, township and address (where given). In Salt Lake county, Utah, two Debenham households are shown as farms in 23rd Street without street numbers; they are distinguished as Farm A and Farm B inclusive.

Each person's entry includes given names, age, marital status, relation to head of household, the places of birth of the individual, father and mother, and occupation.
