
Debenham Immigrants to the United States

This document contains a listing of those Debenhams presently identified in the lists of immigrants to the USA that are currently available. It has been drawn from the on-line indexed copies of the original ships' manifests appearing on the site www.ancestry.com and from the on-line records of Ellis Island and its accuracy is dependent on the accuracy with which these records were compiled. There were undoubtedly many Debenham immigrants who do not appear here.

Each ship is shown by the date of arrival in America, its name, the port of departure and the port of arrival. Each person's entry includes given names, estimated year of birth, marital status and nationality, where the information is known. It will be seen that there are many entries relating to a Fred or Frederick Debenham, who appears to have entered America 15 times between 1919 and 1923; it is thought that he was a member of the ship's crew, mainly the *Saxonia* and the *Mauretania* from time to time.
