

Debenham Births in Australia

This index lists people with the surname Debenham, Debnam and some other variants whose births have been registered in Australia since the mid-19th Century. There are no births listed after 1918, as these are not at present made public by the Australian authorities for personal privacy reasons.

The information has been drawn from sources in Australia, and I am most grateful to those who have worked to provide me with the data. There is a large volume of information from New South Wales, rather less from the other States and none from the Northern Territories, but this may simply reflect the distribution of the Debenham name and variants. There a large number of Dedmans and Deadmans recorded, principally in Victoria, but as it seems unlikely that these are directly related to Debenhams they have been omitted from the present lists.

The information provided cannot be guaranteed to be either complete or accurate, but is given “as is”, in good faith. Input from other researchers will be most welcome.
